

Co-hosted by the Americas and UK Chapters
of AIA-Arbit-40

CIVIL LAW v COMMON LAW DO THE TWO PLANETS EVER ALIGN?

AIA-Arbit-40 Americas and UK Chapters invite AIA members and friends to join a series of events starting in March 2022 where we will explore practical differences between civil law and common law. This three part series will offer valuable insights from seasoned practitioners and in-house lawyers who will discuss procedural and substantive issues and the practical implications of choosing one legal system or the other.

Our panelists will share their knowledge and professional experiences on contract law, evidence and enforcement of awards and judgments.

Panel 2

Evidence in civil and common law jurisdictions – considerations for key players
